

HDMI FLAT (High-Definition Multimedia Interface)

A multifunctional HDD Player!

2,5" SATA I, II up to 250 GB

The HDMI FLAT 2.5" looks very handy with its high quality aluminium case and it not only plays MPEG4 & DivX formats but also supports 2.5" harddrives.

It has a HDMI-connection and TV-media player play-back function for video- and audio files, multi-lingual sub-titles, slide show as well as musik play-back in high HD-solution (1080i).

The device has a new developed graphic user interface (GUI) which guarantees a user friendly handling during media play-back.

The HDMI FLAT is plug and play capable, works as a standalone-device (without PC), has a huge memory capacity (up to 250 GB) and also supports USB 2.0 with a maximum data transfer rate of 480Mbps.

The HDMI FLAT can be connected directly with a TV-set. The favoured media data / files can be shown directly through a TV-set by using the remote control (included in delivery). Start free for a great and fancy multimedia amusement.
